About me

Dedicated Frontend Developer with a strong foundation in HTML, CSS, and JavaScript gained through immersive training at Codecool. Proven track record of success in creating and implementing designs for insurance-related web applications. Experienced in working with various frontend technologies and tools, including React, SASS, and Figma. Passionate about continuous learning and seeking new challenges in a dynamic international environment.

Skills

- <u>Frontend Technologies:</u> HTML, CSS, SASS, TailwindCSS, JavaScript, React, future goal: Vue.js & Angular
- <u>Development Tools:</u> Git, VS Code, Azure Devops, Webpack, Babel, ESLint
- <u>Backend Technologies:</u> Node.js, Express.js, MongoDB, Docker
- <u>Testing:</u> Jest, Postman
- <u>Other Tools:</u> Figma (UX design), Adobe Photoshop, Adobe Illustrator, WordPress, WooCommerce, PHP
- <u>Project Management:</u> Jira, SourceTree, Confluence, Trello

Relevant experience

12 2021 - PRESENT

Innoveo, Budapest – *Frontend Developer*

- Create and implement designs for web applications using HTML, CSS (SASS), JavaScript, and Figma within a no-code/low-code platform environment
- Collaborate with cross-functional teams to develop UI/UX solutions and ensure seamless integration
- Produce UI documentation in Confluence, ensuring clear communication and alignment with project stakeholders
- Successfully completed 20+ projects, including direct client engagements with international insurance companies such as Zurich Insurance
- Represented the company on business trips to Dubai and Zurich, demonstrating expertise and professionalism in client-facing roles

I have worked in other fields as well such as Tourism, Marketing and Hospitality both in Hungary and abroad.
